

# Collider

sexta, 15 maio 2009

Annihilate all of the positive and negative balls on each level.

Controls: Mouse. See instructions below.

## INSTRUCTIONS:

Annihilate all of the positive and negative balls on each level. Balls are annihilated when they collide with a ball of the opposite polarity. Pick the available balls from the tray and place anywhere above the radiation line. Click on the PLAY button (top right corner) to set the balls in motion.
